

ABSTRACT OF THE DISCLOSURE

5       A garment for slimming and smoothing the appearance of a woman's crotch and thighs includes a pair of pants having a lower torso receiving portion, an upper waistband, two leg portions, an inseam along each leg portion, and a crotch seam between the inseams. A quadrilaterally-shaped crotch panel is disposed forward of the crotch seam and between the inseams. A pants closure means extends generally from the crotch panel to the waistband.
